

Daily Maths Practice

Grade 2

Workbook 3

(Weekly counting, number recognition,
number value and bonds)

Weekly counting practice

Practice counting by saying the numbers to a friend.

Count in 2's from number 62 to number 70.

62	64			
----	----	--	--	--

Count in 2's from number 86 to number 94.

86				
----	--	--	--	--

Count in 5's from number 75 to number 95.

75				
----	--	--	--	--

Challenging practice

Count backwards in 5's from number 100 to number 80.

100				
-----	--	--	--	--

Tip for mom: Challenge your child to write the number names separately.

Number value

Can you say the names of these numbers?

11 18 19
21 27 30 16

Look for the answers in the green block.

The **greatest** number is number _____

The **smallest** number is number _____

What number comes **before** number 30? _____

What number comes **after** number 21? _____

Arrange the following numbers from **greatest to smallest**.

21 16 27 30

Number recognition and formation

How many objects in each row? Count in 2's to get to the answers!

There are cats.

I can see balls.

There are stars.

There are girls.

Bonds

Complete the following bonds.

Put your thinking cap on!

14	
11	
13	
14	
12	

15	
3	
14	
12	
10	

16	12	5	14	3

Challenging practice

$11 + \underline{\hspace{2cm}} = 14$	$3 + \underline{\hspace{2cm}} = 15$	$12 + \underline{\hspace{2cm}} = 16$
--------------------------------------	-------------------------------------	--------------------------------------

Day 1: Memo

Count in 2's from number 62 to number 70.

62, 64, 66, 68, 70.

Count in 2's from number 86 to number 94.

86, 88, 90, 92, 94.

Count in 5's from number 75 to number 95.

75, 80, 85, 90, 95.

Challenging practice

Count backwards in 5's from number 100 to number 80.

100, 95, 90, 85, 80.

Day 2: Memo

There are 14 cats.

I can see 18 balls.

There are 10 stars.

There are 12 girls.

Day 3: Memo

The **greatest** number is number 30.

The **smallest** number is number 11.

What number comes **before** number 30? **Number 29.**

What number comes **after** number 21? **Number 22.**

Write the following numbers from **greatest to smallest.**

21 16 27 30

30, 27, 21, 16.

Day 4:

14	
11	3
13	1
14	0
12	2

15	
3	12
14	1
12	3
10	5

16	12	5	14	3
	4	11	2	13

$$11 + 3 = 14$$

$$3 + 12 = 15$$

$$12 + 4 = 16$$
