

Daily Maths Practice

Grade 2

Workbook 5

(Weekly counting, number recognition and formation, number value and bonds)

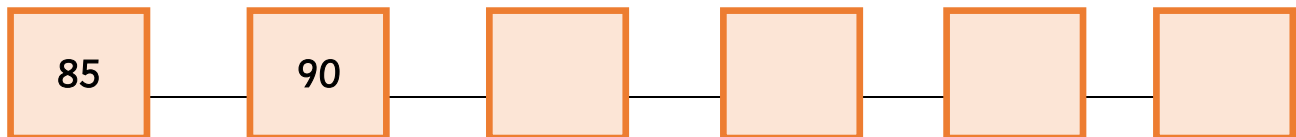

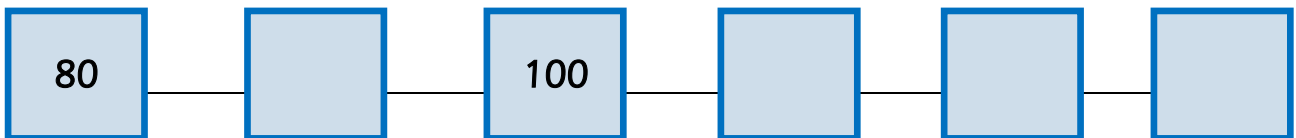

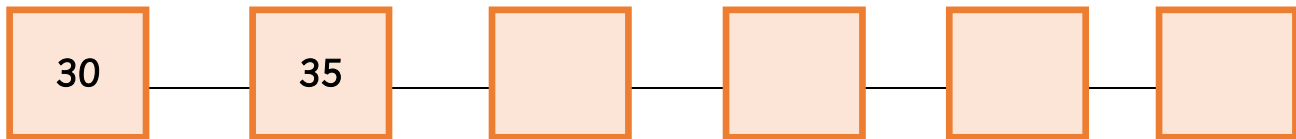

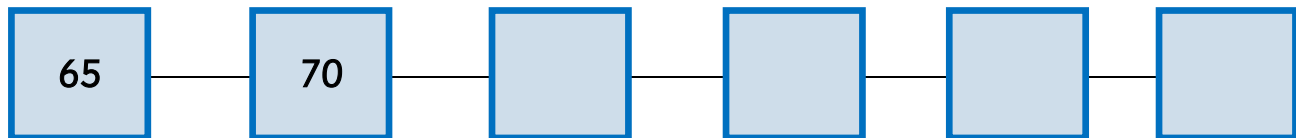

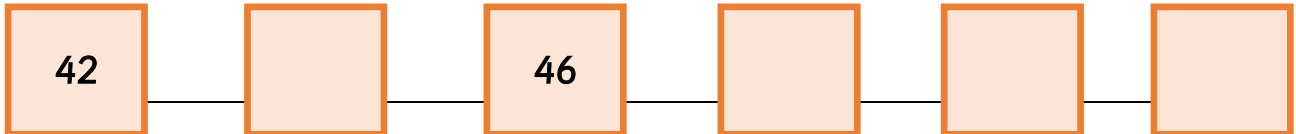

Weekly counting practice

Complete the following number lines by counting on.

Number recognition and formation

Design your own pattern with three red stars and two blue circles.

Design your own pattern with five yellow circles and three red squares.

Design your own pattern with nine blue triangles and two yellow squares.

Design your own pattern with two green squares and five red stars.

Number value

I am counting in 5's.

Which number will be **between** number 65 and number 75?

I am counting in 2's.

Which numbers will be **before and after** number 74?

I am counting in 5's.

Which numbers will be **after** number 15?

I am counting in 10's.

Which number will be **between** number 50 and number 70?

Bonds

Complete the following bonds.

Challenging practice

Put your thinking cap on!

20	18	6	15	7	12	3	2	17	6

Day 1: Memo

42, 44, 46, 48, 50, 52.

65, 70, 75, 80, 85, 90.

30, 35, 40, 45, 50, 55.

80, 90, 100, 110, 120, 130.

85, 90, 95, 100, 105, 110.

Day 2: Memo

Design your own pattern with three red stars and two blue circles.

Design your own pattern with five yellow circles and three red squares.

Design your own pattern with nine blue triangles and two yellow squares.

Design your own pattern with two green squares and five red stars

Day 3: Memo

I am counting in 5's.

Which number will be **between** number 65 and number 75? **Number 70.**

I am counting in 2's.

Which numbers will be **before and after** number 74?

Number 72 and number 76.

I am counting in 5's.

Which numbers will be **after** number 15? **Number 20 and number 25.**

I am counting in 10's.

Which number will be **between** number 50 and number 70? **Number 60.**

Day 4: Memo
