

Daily Maths Practice

Grade 3

Workbook 5

(Weekly counting, number recognition and formation, number value and bonds)

Weekly Counting Practice

Complete the following number lines by counting on.

425		475			
-----	--	-----	--	--	--

650			800		
-----	--	--	-----	--	--

300			225		
-----	--	--	-----	--	--

800		1000			
-----	--	------	--	--	--

80			50		
----	--	--	----	--	--

Number recognition and formation

Design your own pattern with three red stars and two blue circles, extending it twice.

Design your own pattern with four yellow circles and three red squares.

Design your own pattern with three blue triangles and two yellow squares, extending it three times.

Design your own pattern with two green squares and one red star, extending it four times.

Number value

I am counting in 50's.

Which number comes between number 650 and number 750?

I am counting in 25's.

Which numbers come before and after number 75?

I am counting in 50's.

Which numbers come after number 150?

I am counting in 100's.

Which number comes between number 550 and number 750?

Bonds

Complete the following bonds:

17	
12	
5	
17	
13	
4	
11	
5	
12	

20	
9	
16	
2	
15	
8	
17	
4	
13	

Challenging practice

Put your thinking cap on!

25	18	6	15	7	12	3	2	17	6

Day 1: Memo

425, 450, 475, 500, 525, 550.
 650, 700, 750, 800, 850, 900.
 300, 275, 250, 225, 200, 175.
 800, 900, 1000, 1100, 1200, 1300.
 80, 70, 60, 50, 40, 30.

Day 2: Memo

Design your own pattern with three red stars and two blue circles, extending it twice.

Design your own pattern with four yellow circles and three red squares.

Design your own pattern with three blue triangles and two yellow squares, extending it three times.

Design your own pattern with two green squares and one red stars, extending it four times.

Day 3: Memo

I am counting in 50's.

Which number comes between number 650 and number 750? **Number 700.**

I am counting in 25's.

Which numbers come before and after number 75? **Number 50 and 100.**

I am counting in 50's.

Which numbers come after number 150? **Number 200 and 250.**

I am counting in 100's.

Which number comes between number 550 and number 750? **Number 650.**

Day 4: Memo
